Analyst's Notebook

i2group.com/solutions

Enhance and enrich your intelligence with the new and affordable i2 Analyst Notebook® subscription bundle.

Key benefits

Accelerated analyst workflows

quickly enrich data and conduct powerful searches with direct access to third-party data providers

Subscription licensing

enjoy competitive upfront pricing and flexible annual subscriptions

Connected searches

on demand access to an every expanding library of data sources to start and add context to investigations and analysis in Analyst's Notebook

Enhanced data analysis

in addition to Analyst's Notebook, leverage i2 TextChart to analyze unstructured text data, providing a more comprehensive understanding of information

Robust security

benefit from industry-leading security standards, including ISO 27000.1, Cyber Security Essentials (UK), and SOC-2 Type 2.

i2 Analyst's Notebook® annual subscription license means you get all the functionality of the global industry standard for visual analysis, plus additional capability to extract information and enrich your intelligence data.

Intelligence analysts worldwide use the pioneering i2 Analyst's Notebook to quickly turn complex data sets into high-quality, actionable intelligence. It is the essential solution for thousands of organizations, helping them detect and combat increasingly sophisticated global threats.

Our new offering provides analysts and investigators with a comprehensive suite of tools, including the Analyst's Notebook desktop application, access to secure, hosted connectors for searching commercial data providers, and TextChart for unstructured text importing and analysis.

The i2 Analyst's Notebook has become an indispensable tool for thousands of organizations worldwide, helping them to identify, predict and counter criminal, terrorist and fraudulent activities.

Note: an internet connection is required, and some of the data sources require an external, paid for license key. Available in the EU, UK, US only.
